Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$900/Individual or \$1800 Family	Generally, you must pay all the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan ; each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meet the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Preventive care, prescription drugs and primary care services are covered before you meet your deductible	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply for some services even if you did not meet the deductible amount. You can access a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes, Dental \$50/Individual or \$150/Family	You must pay for all costs of services up to the specific deductible amount before the Dental plan begins to pay for services.
What is the out-of-pocket limit for this plan ?	\$3,700/Individual/\$7,400/Family for Medical \$4,850/Individual/\$9,700/Family for Prescription Drugs	The out-of-pocket limit is the most you would pay in a year for covered services. If you have other family members in this plan, they must meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met. The Prescription drug plan has a separate out-of-pocket limit .
What is not included in the out-of-pocket limit ?	Premiums, balance billing, penalty fees and healthcare not covered by this plan	These types of expenses, while considered out of pocket, do not count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. Network Providers can be found at www.Anthem.com or by calling Toll Free 1-800-810-2583	Services provided by an out-of-network provider are not covered by this plan . Always check to see if your provider is in the Anthem/BC/BS network including any other providers and/or lab facilities you are referred to for services.
Do you need a referral to see a specialist ?	No	You can see the specialist you choose without a referral if they are in the network. Otherwise, you will pay out of pocket for any expenses incurred by an out-of-network provider .

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
